Describing position

6 practice questions

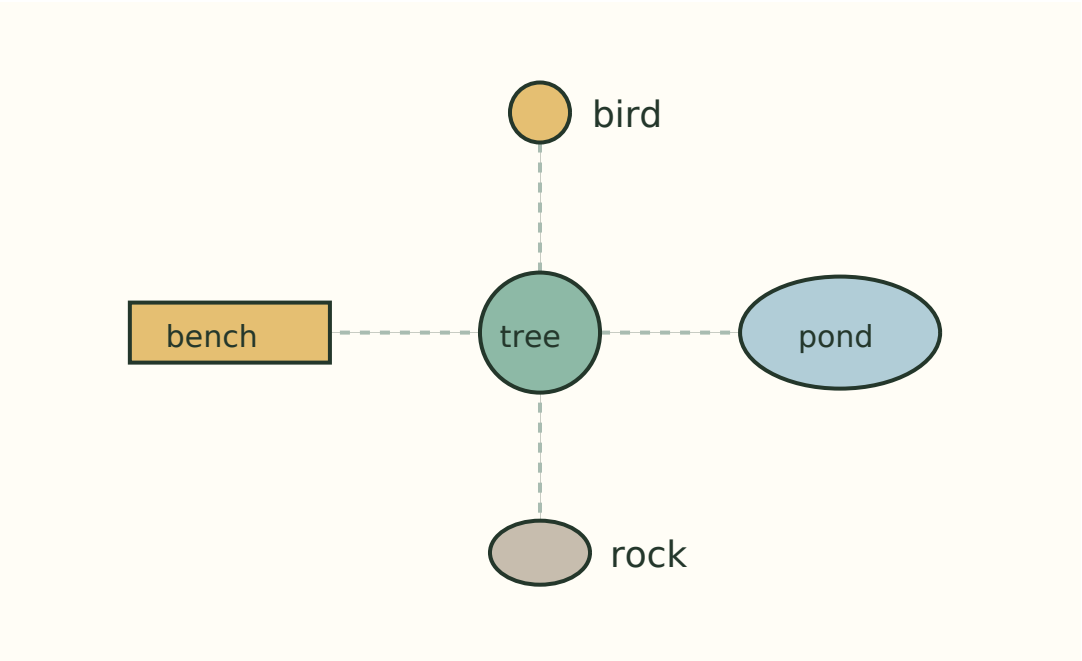

1. Use the park picture. What is below the tree?

Find the item lower down from the tree.

Answer: The rock.

2. In the park picture, what is between the bench and pond?

It has the bench on one side and pond on the other.

Answer: The tree.

3. A book is on a table. A bag is under the table. Which object is below the table?

Under means below.

Answer: The bag.

4. The cups are in this row: red, blue, green. Which cup is between the others?

It is in the middle of the row.

Answer: Blue.

5. Lee says the toy is beside. What extra information would make the description clearer?

A position needs a reference object.

Answer: Say what the toy is beside.

6. Draw a box. Put a star above it and a circle below it.

Check both positions relative to the box.

Answer: Answers vary: star higher than the box and circle lower than the box.
