Seconds/minutes/hours/days

6 practice questions

1. How many seconds are in 1 minute?

Use 1 minute = 60 seconds.

Answer: 60 seconds

2. How many minutes are in 2 hours?

60 + 60 = 120.

Answer: 120 minutes

3. How many hours are in 1 day?

A whole day has 24 hours.

Answer: 24 hours

4. Choose seconds or days for measuring a four-week school holiday.

A holiday lasts many whole days.

Answer: Days

5. Change 1 hour 15 minutes into minutes.

60 + 15 = 75.

Answer: 75 minutes

6. Mia says 90 seconds is longer than 2 minutes. Is she right? Explain.

Compare both times in seconds.

120 is greater than 90.

Answer: No. Two minutes is 120 seconds, so 90 seconds is shorter.
