Relative position

6 practice questions

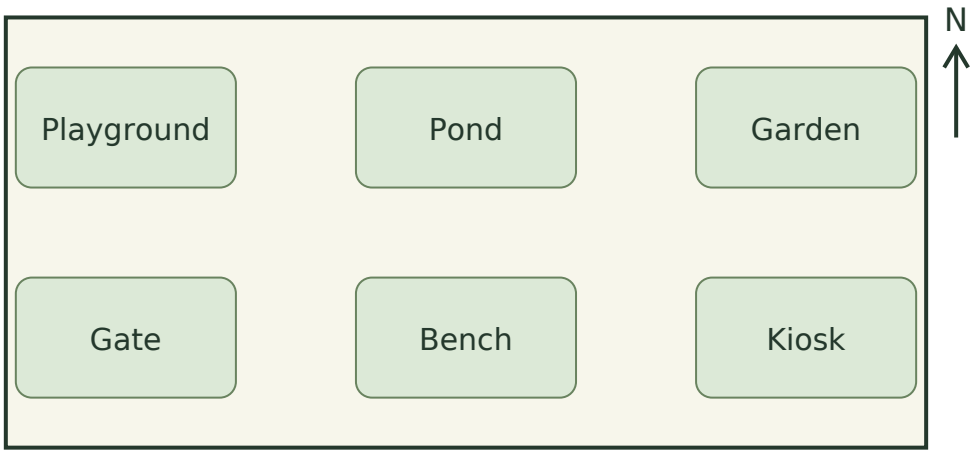

1. Complete: The bench is ___ the gate and kiosk.

A named place is on each side.

Answer: Between.

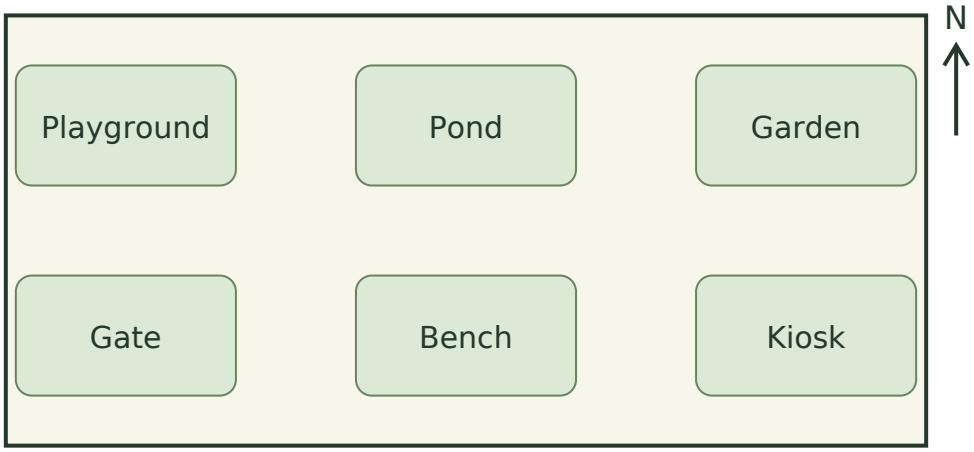

2. Is the playground left or right of the pond?

Read the top row without rotating it.

Answer: Left.

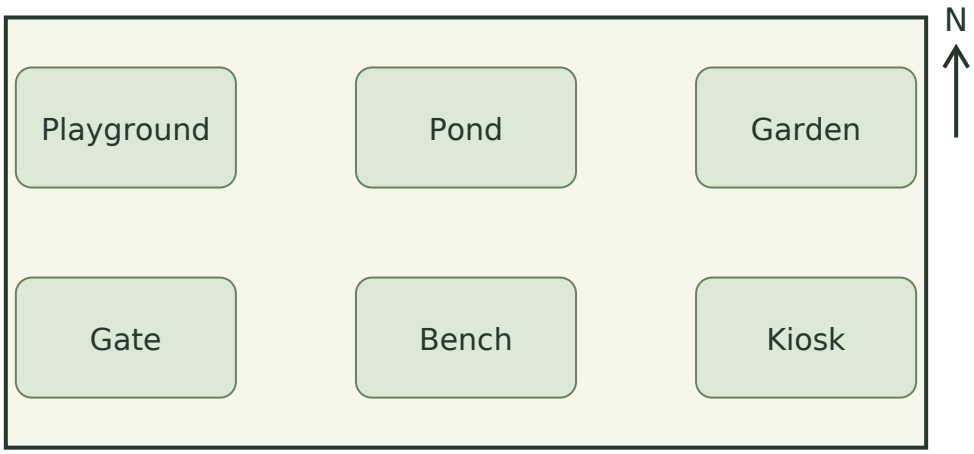

3. What is directly below the garden?

They are in the right-hand column.

Answer: The kiosk.

4. Give two true position statements about the pond.

Check each statement on the labelled map.

Answer: Example: It is above the bench and between the playground and garden.

5. The reading corner is left of the table. Complete: The table is ___ of the reading corner.

The direction reverses when the reference places swap.

Answer: Right.

6. Why is “the gate is below” less clear than “the gate is below the playground”?

Below describes a relationship between two places.

Answer: It does not name the reference place.
