Practice worksheet | Metric measurement

Partial/unmarked intervals

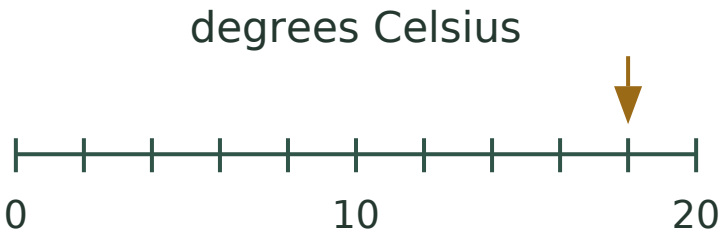

Name: _____ Date: _____

6 questions | 11 marks

1. Read the pointer on the millilitre scale. [2 marks]

2. Read the temperature pointer. [2 marks]

3. A scale labels 30 and 50 with four equal gaps between them. Give the three missing tick labels. [2 marks]

4. A pointer is halfway between 60 mL and 80 mL. Estimate its reading. [1 mark]

5. A pointer is between the 10 cm and 11 cm marks, close to 11. Is 10.8 cm or 11.8 cm a sensible estimate? [2 marks]

6. The labels show 100 and 200 grams separated by five equal gaps. The pointer is two gaps after 100. Find the reading. [2 marks]
